</table>
Briefly, why are you applying Joint instead of as Undergraduate or Graduate only?

Club sports has many undergraduate (768) and graduate (325) participants, so it makes sense to apply proportionally to both student bodies.

Have you applied for Special Fees in the past 3 years? If so, please detail the outcome of each attempt.

We have applied for special fees each of the last three years. Three years ago we failed since we applied jointly, but did not pass on the grad student ballot. The president of the university funded club sports from his discretionary fund for that year since club sports is so integral to the student body. Two years ago we applied for only undergraduate funding and received it. Last year we applied jointly again and passed on both ballots.

If you applied for Special Fees last year, is there an increase in the amount you’re seeking this year? If so, why?

Teams continue to grow more competitive, requiring more funds for travel and competition registrations. In addition, we have had four inquiries from clubs to join club sports, each of which would require funding. There is a fuller explanation on the increase in the documentation folder.

List separately your group’s plan and budget for reaching each target audience for Graduate Students- 1) On-campus, 2) Off-campus, and Undergraduate Students.

We do not have a budget for reaching the target audience since athletics department puts a flyer together for us specifically targeted to graduate students. We then email it to every team and request that grad students forward it to any email lists that they are on.

If you are an umbrella group, please list the groups for which you are applying for Special Fees, their ASSU account numbers, and contact information for their financial officers.

Please define the services provided by your group with the Special Fee, as per the ASSU Constitution:
To provide instructional and recreational opportunities to Stanford undergraduate and graduate student-athletes in a player-oriented setting unique to the Club Sports program;
To promote student-run athletic teams by emphasizing student leadership in training, competition, team management, and program direction;
To encourage athletes at all levels, from recreational to elite, by maintaining a fun, athlete-focused environment and by recognizing individual and team achievement;
To provide, where practical and appropriate, financial and logistical assistance to teams and athletes in advancing their level of training and competition;
To bring together students, faculty, and staff from diverse backgrounds to share their enthusiasm for a broad array of athletic activities.

Please list all: 1) assets, 2) reserves, 3) authorized and unauthorized non-ASSU bank accounts, 4) sources of funding other than Special

Our current special fees accounts total 183,590; however, those will all be distributed by the end this year (most clubs request their allocations later in the season).
Our reserve account is at $86,902. We are spending $30,000 out of that every year for postseason funding. We began spending it out last year, and this is our plan to spend it down quickly but responsibly.
Our 2800 account is at $114,620. However, much of that money was transferred to us to pay coaches salaries, but it has not been moved out of the account yet. The accurate number is around $40,000. That was funding transferred to club sports by the athletics department the year we did not receive an ASSU grant.

What are the three largest line item requests in your budget and why?
Coaches salaries are a large proportion of our budget. Though we have worked with teams to cut costs, coaches are essential to a team’s growth and competitiveness.
Travel and accommodations are the next largest proportions of our budget. Many of our teams have to travel in order to play other teams (and competitions are essential to playing a sport), and many teams travel to nationals which requires hotel and flights.

What events/programs does your group hold throughout the year for the Stanford Community?
All our teams are open. Competitive teams that make cuts also have B teams that are open to the entire student body.

What percentage of your beneficiaries are (explain basis or how this was determined) graduates and undergraduates?
All players in club sports must be registered on DoSportsEasy to sign a medical waiver. Using those numbers we are able to track active participants and proportion of undergrads and grads. With 768 undergrads and 325 grads, we have 70.3% undergrads and 29.7% grad members.

What is the average attendance at your events?
We have 1093 consistent participants as reported by each individual sport.

Why are you requesting Special Fees?
Club sports serves a huge proportion of the student body, both undergraduate and graduate. The funding from special fees enables teams to participate in tournaments, improve their skills, and enjoy their sports. Many club sports are highly competitive and consistently attend nationals in their respective leagues.
