Have you applied for Special Fees in the past 3 years? If so, please detail the outcome of each attempt.  
No

If you applied for Special Fees last year, is there an increase in the amount you’re seeking this year? If so, why?  
N/A

Please define the services provided by your group with the Special Fee, as per the ASSU Constitution:  
We provide a home for all things video-game related on campus. We hold several gaming nights per quarter open to the entire student population, which provide a space for students from all backgrounds to come together, have fun, and destress through gaming. This year, we’ve started a community-building program that we call the Guilds, similar to ASSU’s sibfams, where people who play the same game can meet other people who play those games. We also promote game development as a profession, having started a new class at Stanford this year, CS146: Introduction to Game Design and Development. We serve as a point of contact for companies in the gaming industry to connect with students, and have connections with Microsoft and Nvidia, as well as other companies. Finally, we foster the competitive gaming scene on campus. We support and create teams to represent Stanford and send them to competitions throughout the Bay Area and also support the viewing of competitive gaming through watch parties and transportation to tournaments.

What are the three largest line item requests in your budget and why?  
Equipment: This covers costs for gaming nights equipment, such as monitors, extension cords, or surge protectors. We strive to keep up with the modern gaming community, so it also includes costs for new consoles and games. Our goals are to purchase games that will expand our community reach. Event Food: This covers costs for our large gaming nights, as well as Guild meetups, and special events such as gaming viewing parties and tournaments. Travel Fares: This covers costs for transporting players to local competitions, viewing parties, and tournaments in a fifty mile radius, such as at in Berkeley, San Jose, or San Francisco. This also allows us to bring students to corporate headquarters to experience professional gaming or VR development.

What events/programs does your group hold throughout the year for the Stanford Community?  
We hold numerous gaming nights for the Stanford community each quarter where students can play games, hang out with friends, and destress. We also hold special events each quarter depending on local competitions and national events. These events include viewing parties for major games, attending tournaments, and Q&A with industry professionals. All of our events are completely free and open to the entire Stanford community!

What is the average attendance at your events?  
Our gaming nights draw anywhere from 80 to over a 100 students. Our special events such as gaming viewing parties and tournaments range anywhere from 20-40 students.

Why are you requesting Special Fees?  
The Stanford Video Game Association has grown quite a bit in the last two years. We began by simply hosting game nights but as we expand into more areas such as professional game development and competitive gaming, we require more funding! We are committed to keeping all of our events accessible to students from all economic backgrounds. In fact, all of our events are 100% free and wish to use Special Fees to ensure this stays the case.

</table>

#### Event Food

- Food for gaming nights and guild meetings. We hold 4 events per quarter, ~$200 per event = $2400

#### Event Supplies Expenses

- Decorations/tableware for gaming nights and guild meetings. We hold 4 events per quarter, ~$40 per event = $500

#### Office Supplies

- Banner for advertising group at activities fair/events

#### Marketing Copies / Print Expenses

- General marketing and smaller events. $40 * 3 quarters

#### Equipment Purchase (Non-Cap)

- Games/Consoles/Equipment/Controllers for game nights and other social events. Since we have very few communal games, we want to buy 10 games next year, *60 = 600, 400 for new console, 2 * 200 monitors=400, extension cords
  - *$5 + surge protectors *5 = 200

#### Gas

- Gas for travel to corporate headquarters for networking events and to compete in and/or view gaming tournaments within a 50 mile radius. We plan to have 2 cars per event, $40 per car, with 6 events per year = $500

#### Car Rental

- Car rental for travel to corporate headquarters for networking events and to compete in and/or view gaming tournaments within a 50 mile radius. 2 events per quarter, $50/piccar/day, 2 zipcars per event/ $100 uber to/from locations within 50 mile radius = ~250 per event, 500 per quarter
